## M-Series Particulate Respirators

KLEENGUARD\* Particulate Respirators deliver the protection you expect and the comfort you need for all-day wear. The traditionally cupshaped respirators offer effective protection against fine particles. Durable, woven elastic ultrasonically bonded head straps help keep the respirators securely in place without pulling or breaking. Convex shapes, nose clip and dual strap design provide excellent fit over a wide range of face shapes. And our nose pad has soft foam for added comfort. The respirator offers excellent protection against toxic dusts, water and oil based mists and fumes

### KLEENGUARD\* M10 Particulate Respirator Moulded Valved Respirator

- Exhalation valve - enhanced comfort through heat and moisture reduction †
- Soft foam nose seal made of water repellent material increases wearer comfort and reduces fogging on safety eye wear
- Knitted straps ensuring a comfortable, reliable, properly sealed fit
- Colour-coded blue for easy distinction of performance level
- Latex free : can help prevent allergic reactions
- CE market according to EN 149 : 2001
