Dear Mr Lim

I am most grateful for your company's sponsorship of 55 boxes of Kimberly-Clarke Professional N95 masks. Your kind gift comes as a welcome protection for our staff and patients from the harmful effects of the current haze situation.

Many of our patients who undergo dialysis treatment have an increased risk for infection as their immune systems are weaker compared to a healthy individual. Other patients are unable to afford the masks thus, left defenceless against the haze that could result in respiratory symptoms and aggravate existing heart or lung disease.

Once again, I am very appreciative of your kind patronage towards our cause. My colleague Jenny Yeo (6506 2278 / jenny.yeo@nkfs.org) will be happy to assist, should you be interested to know more about our initiatives on corporate partnership.

Wishing you and all at Lim Kim Hai Electric good health and happiness always.

Yours sincerely

Chua Wei Bin
